

SERVICE & INVESTMENT STRUCTURE

A transparent look at our fees.

Prepared for prospective members considering our introduction and consultancy service.

Heritage Union is a private introduction and consultancy service. This document outlines, in full transparency, how our engagement works, what is included at each stage, and how costs are structured and shared between Heritage Union and our clients.

**\$25,000
USD**

FULL SERVICE, DELIVERED ACROSS TWO
PAYMENTS

This structure reflects our approach to the work itself: we search, curate, and introduce, but once an introduction is made, we operate on trust and do not interfere in or monitor the relationship between client and candidate.

Our Process

- 1 Introductory Consultation** — A complimentary, no-obligation Zoom conversation between you and Heritage Union to understand your goals and answer your questions.
- 2 Concierge Initiation** — Upon engagement, we begin in-depth consultations to build your profile, which you review and approve before anything moves forward.
- 3 Candidate Search** — Heritage Union searches on your behalf across our network and candidate pool to identify suitable matches.
- 4 Curated Shortlist** — Our team reviews the search results and presents you with the 20 most suitable candidates. Working together, you and our team then select the 5 candidates you wish to pursue for introduction.
- 5 Introductions** — We facilitate a formal introduction between you and each of the 5 candidates, using your preferred channel — phone, social media, or another method of your choosing.
- 6 Organic Relationship Development** — From the point of introduction, the relationship develops naturally between you and the candidate, at your own pace. We do not monitor or interfere, though we

remain available to offer support if needed — particularly cultural guidance for both client and candidate.

Success Recognition — An Honour System

Heritage Union's full service is valued at \$25,000 USD. The \$15,000 USD Concierge Initiation fee covers our search, curation, and introduction work. The remaining \$10,000 USD operates on an honour system: once introductions are made, we step back and do not monitor, interfere in, or otherwise intrude upon the relationship between client and candidate.

Should the relationship develop into an outcome both parties consider successful — broadly understood as a relationship in which both individuals are engaged, happy, and fulfilled — we trust our clients to honour our work by completing payment of the final \$10,000 USD, bringing the total investment in our full service to \$25,000 USD. This payment is never monitored for or chased; it reflects the trust-based relationship we aim to build with every client.

Throughout this stage, Heritage Union remains available to offer support if requested — particularly cultural guidance and understanding, for both client and candidate — but we do not monitor or involve ourselves in how the relationship unfolds.

Engagement Timeline

We expect the full process, from initiation through introductions, to conclude within 12 months. If, after 12 months, no agreement has been reached on proceeding with any of the five shortlisted candidates, Heritage Union and the client will part ways amicably, with no further payment due from either party.
